BOOK RELEASE

Cloudia

Copley, OH, August 14, 2026— A heartwarming new children's book, *Cloudia* by author Irv Korman, is now available for purchase on Amazon. The story introduces young readers to Claudia, a shy little girl who feels invisible—until a small rain cloud appears above her head, and a few unexpected friendships help her see herself, and the world around her, in a whole new light.

Perfect for families, classrooms, and gift-giving, *Cloudia* follows a lonely girl whose sadness takes the shape of a little dark cloud that follows her everywhere—to the park, the library, even to school. When the other kids begin teasing her with the nickname “Cloudia,” she starts to wonder if the cloud belongs there after all. But as Claudia makes new friends and discovers the many different ways people move through the world, she begins to understand her own heart—and her cloud begins to lift. With gentle warmth and an uplifting message about empathy, gratitude, and kindness, the book gives children a simple way to talk about big feelings and the invisible weight so many of us carry.

Irv Korman is an author, entertainment writer, theater critic, actor, clown, and magician. He spent 30 years as a speech and language therapist with Akron Public Schools and later served for 13 years as a Senior Lecturer in the School of Communication at The University of Akron.
