Prayers for Healing

For body, mind, and spirit

For Someone Fighting Cancer

Lord of all life, I bring before You someone who is fighting cancer. You know every cell of their body, for You formed them in their mother's womb. St. Charbel, powerful intercessor, please pray that the Lord will stop the spread of this disease and restore them to health. Bless every treatment, every scan, and every doctor and nurse who cares for them. When fear grows heavy, surround them with peace. When their body grows tired, renew their spirit. Let them never feel alone in this battle.

St. Charbel, pray for us. Amen.

Picture in your heart, or say aloud, the name of the one this prayer is for today, even if it is for yourself.
